

CTR Chlorsan DW

A premium quality warewashing powder formulated to provide outstanding results and economy. The non-caustic formula removes the toughest food soils and stains, leaving crockery and cutlery squeaky clean. Suitable for cleaning all types of wares including soft metals, and is an excellent cutlery and crockery soak. The built-in rinse additive ensures fast, streak-free drying.

Outstanding Performance

Leaves wares spotlessly clean

Removes soils & stains

Reduces hand polishing

Excellent cutlery & crockery soak

Caustic Free

Soft metal safe

Built-in rinse additive = fast, streak-free drying

CTR Chlorsan DW

Use Instructions

AUTOMATIC WAREWASHING DETERGENT

- Fill the dishwasher with clean water, ensuring the drain plug is firmly in place to prevent leaks.
- Add 1/2 cup of Chlorsan to a standard single tank machine. Use half this rate for dome type machines.
- Every 10 washes, add another 1/4 - 1/3 of a cup of Chlorsan to restore the detergent level.
- Drain and refill the tank with fresh water when the wash water becomes excessively soiled.

PRESOAKING OF CUTLERY AND CROCKERY

- Start filling the sink or a pail with warm water (approx 45°C). Add 1/3 - 1/2 a cup of Chlorsan per 15 litres of water ensuring it fully dissolves. Soak the wares for 15-45 minutes, then remove from the solution and wash through the dishwasher. Old plastic wares may require a longer soak or higher concentration of Chlorsan.

NOTE: NOT RECOMMENDED FOR SOAKING POLYCARBONATE. MAY CAUSE ENVIRONMENTAL STRESS CRACKING, CLOUDING OR CRAZING.

* Always test one item of soft metal from each manufacturer before universal use to confirm stability.
