FOILMATES™

Proudly Made in Australia

Foil Mates is the new brand now available from Confoil. The Foil Mates range includes our high quality, all purpose foil trays, which can be used in ovens, barbeques or for any kind of catering!

Foil Mates trays are made in Melbourne, Australia at our food safety certified facility. Even better, they are made from endlessly renewable foil - simply scrunch or fold trays and place them in your kerbside recycle bin to give them a new lease on life!

The Foil Mates range features Yaptjarra artwork by Aboriginal First Nations artist Brooke Sutton. Yaptjarra means Healing Country in the Kalkadoon language. We are honoured to be featuring Brooke's artwork as a part of this new range. To find out more about Brooke and her artwork see her website brookesutton.com.au
